

Create COOKING WITH GLASS

Fused MEMORIES

HOW IT WORKS

Fuse the ashes of your loved ones or 4-legged friends into a beautiful glass treasure with our instruction. Utilize our sifting method to add ashes to any of our 165+ projects. Less than a teaspoon is needed and we will fully instruct you on your piece from beginning to end.

THE PROCESS

Dignity and respect are foundational in our process, and your piece is treated with immense care throughout the entire process. Choose your music, sit in reflection, take your time. This is YOUR process, we are just here to help guide you through.

PRICING

This class is charged as an add-on to any typical DIY Open Studio Class, with a \$50 service fee.
