LEARN ABOUT THE CREATIVE WARRIORS WOMEN EMPOWERMENT PROGRAM!

It started with an artist, Lisa, creating items to sell so she could stay home with her children. Once her children took flight, her work became a vehicle to give back both locally and globally.

Lisa went to Burkina Faso, West Africa with Walk in the Light International to help build a healthcare center. She met women from all around who all said the same thing "we have been waiting for you to come, we have been praying for you to come." It was then Lisa started the PAY IT FORWARD LOAN PROGRAM.

This program empowers women for life as they create in-country sustainable businesses and find their true identity in Christ to become who God intended them to be; powerful for their families and communities.

We achieve this mission by selling artwork and connecting our customers to our women and their stories. As each woman pays back her loan, another woman is funded. It is a program that truly keeps on giving.
